## Soolip Wedding

This spring, A Soolip Wedding hosted blushing brides-to-be at the Bel-Air Bay Club for an afternoon with a vetted group of the industry's most extraordinary resources. In a flurry of food and cake tastings, champagne refreshment and expert panel discussions, guests viewed Claire Pettibone's ethereal "Spirit of the Night" couture gowns complemented by David Yurman's timeless jewels. Soolip also introduced the "Couple's Garden" to inspire an environmentally conscious tradition: The affianced pair grows an edible or floral garden together and shares the fruits of their labor with guests on their big day. The premier bridal event then moved north to the Bently Reserve for its San Francisco debut.
